My services and experience are available to you for this stage of re-opening indoor dining services. My current employer at Lavender Menace has chosen not to re-open until mid-March. Ideally I am looking for a part-time *servicing* or *bartending* position, which I would hope to continue on with you in March. Availability limitations are listed in with my Skills and Qualifications below. I have been awarded a grant from the Province of Ontario for my school studies, which requires that I can not exceed 30 hours of work per week.

A typical shift for me would start by making sure absolutely everything I need to succeed is in proper place, greeting all of my team, and checking to see if we are missing anything, including menu items or changes, and if we are missing anything, to find out when it will be replenished. My day would end by making sure my entire work station is spotless and ready for whoever will be there next, and by asking all of my team members if there is anything they need from me before stopping the clock.

Guest satisfaction is the 1st priority for any business to succeed, and I expect to be part of a team who fully realizes this fact. Anticipating and providing for the needs of every single guest to the best of my ability is my number one mission. I expect and encourage them to not only share their experience with their friends and followers; I also encourage them to be adventurous with menu items and to try something new and different, with an emphasis on limited or specialty items.

SKILLS AND QUALIFICATIONS:

- over 5 years experience serving and bartending in a variety of fast-paced, high volume environments
- energetic, creative, positive outlook with a passion for fresh food and crafted cocktails
- team player with a strong sense of urgency to succeed
- excellent communication and interpersonal skills
- physically fit, able, and willing to perform most duties as required, during long shifts
- schedule flexibility for all weekdays, weekends and holidays, ***with the exception of 9am to 2pm, Monday-Friday (currently in school full time at Recording Arts Canada)***

MY EXPECTATIONS:

- a team of fun yet goal-focused individuals
- necessary training, development and growth
- competitive pay and performance bonus
- an outstanding atmosphere and experience for guests and staff
- competent leadership

I am a very creative and artistic individual. I can sew with a machine, I make music, and I enjoy being creative and experimental in the kitchen. I'm currently fostering an Anatolian Shepherd whom I am hoping to adopt, and I am a skilled DJ.

Thank you for your time and consideration. I hope to hear from you soon, and I wish you the best of success with your future. The best way to predict the future is to create it.
